MANCHESTER, Vt., Aug. 15.—The first president's cup was won to-day by Edward W. Clark, 3d, of Philadelphia. He defeated John M. Ward, Westbrook, on the Ekwanok links in the final thirty-sir hole match, by 2 up. The contest was a dingding affair in which Ward was 5 up on the Philadelphian at the turn in the morning only to lese this advantage on the next five holes by erratic tee shots and poor putting. He halved the fifteenth and won the sixteenth, but lost the next two. This made him I down for the first half of the match. In the afternoon the Westbrook golfer was I up at the turn. After losing the eleventh, the Philadelphian golfer struck a fast clip and had squared the match at the fourteenth, Halving the next two holes in par figures, each man awaited a mistake by his opponent. It came on the seventeenth, when Ward missed his put for a half, and his last hope vanished when Cierk laid his approach dead to the home hole. The summary:

First President's Cup, Final—E. W. Clark, 3d, Philadelphia, beat J. M. Ward, Westbrook, 2 up. Governor's Cup, Final—E. L. Lennoz, Indianapolis, beat F. T. Clark, Ekwanok, 2 up and 1 to play.

Winslow Taylor of the Philadelphia Country Club by 9 and 8. W. W. Linsley of Maplewood won the special W. H. Childs cup from Davis Pearson of the Merion Cricket Club by 4 and 5.

This change failed to work and after 36 runs had been added to the score, King resumed bowling at his original end and got Crawford caught after he had amassed 37 in one of the best innings played so far against the Americans during their tour.

Browning came to Gannon's help and a slow period of play resulted. The two men were satisfied to keep up their wickets and score an occasional run, and so well did they accomplish their task that they carried the total dangerously near to that rolled up by the Americans and victory seemed within the reach of the Englishmen. Greene came to the rescue, however, and got Cannon caught after he had stayed at the wickets for nearly an hour, while the end came when Hordern appealed to the umpire for an l. b. w., decision and it was given in his favor. Hurdlers and Jumpers Inderse the English

Climate for Their Specialties. team of athletes reached home yesterday on the American liner St. Louis. They were all tanned up after the trip across. The notable members of the team, were Frank Irons of the Chicago A. A., who won the broad jump, and A. C. Gilbert of Yale University, who tied with E. T. Cooke, another American, in the pole vault. Irons said he thought the English climate was better for jumpers. It was soft and damp, and an athlete's jumping muscles were all the time more supple and in better condition. A man, he said, could practice more on the other side without getting stiff or sore.

Gilbert said that not being allowed to dig a hole prevented him from vaulting higher, but he thought if a vaulter got used to jumping without he hole he could do as well eventually.

J. C. Garrels and A. B. Shaw, who returned, said that if the turf of the stadium had not got so much rain it was an ideal spot for hurdling. Others who came back on the St. Louis were H. P. Rainey and W. F. Hamilton, Chicago A. A.; W. W. May, University of Illinois: L. B. Stevens and L. V. Home, Yale University: F. Mount Pleasant and L. Tewanina, Carlisle Indian School, and F. JOCKEYS SWEET AND SUMTER NARROWLY ESCAPE DEATH.

Victims of a Terrific Fall in the Last Race at Empire City Westengster and You-liers Authorities Exercise Vigiliance in Enfercing the Law - Two Arrests. Two jockeys, Sweet and Sumter, came within an ace of losing their lives in the last race at Empire City track yesterday afternoon. Sweet had the mount on C. R. Ellison's

J. C. Core, while Sumter rode J. H. McCor-mick's Saylor. In a wild desh for the lower turn E. Dugan, who was recently punished by the Saratoga stewards for rough riding, crossed over from an outside position with Comedienne, 9 to 10 favorite, and grabbed the Comedienne, 2 to 10 favorite, and grabbed the rail just at the beginning of the turn. While I comedienne did not foul anybody she caused severall riders to pull up, with the result that there was a jam. In the midst of the confusion J. C. Core and Saylor stumbled and went down in a cloud of dust.

The accident occurred within fifty yards of the clubbouse, where many women turned away in horror. J. C. Core tay still as if dead, with Sweet directly under him. Saylor, however, sprambled up, as did Sumter; but the boy was so badly shaken up that he fell again help-

Sumter was picked up and carried into the clubhouse dining room, where he was quickly revived. When J. C. Core had finally managed to get on his feet, however, little Sweet, crushed and his head covered with blood, which flowed from a deep gash over the left ear, looked as if he had been trampled to death. A Pinkerton lesned over and looked at the boy, then turned away apparently shocked. In an turned away apparently shocked. In another moment Sweet had been placed on a

Dr. Foy of Yonkers was called and after a brief examination said that he did not believe that Sweet had been fatally injured, but he ordered the Pinkertons to send to St. Joseph's Hospital for an ambulance. It was about a half hour after the accident that the ambulance reached the track and Sweet was then drive i hurriedly back to Yonkers. At the hospital last night after an operation had been performed it was said that Sweet would recover. Sweet is one of the most promising jeckeys in the East. Two months ago he was unknown. Now his services are in universal demand. Sumter, who had a severe fall some time ago and narrowly escaped death, had the wind knocked out of him and was covered with bruises when he was taken home by Dr. Foy of Yonkers was called and after

This accident, while it did not result fatally, was the only thing to mar a most successful opening of the summer meeting at the Empire City track. The presence of some of the best horses in training, the reduction of the general admission rates and the cutting out of the field enclosure were features which caused unusual interest. In apite of the poor transit facilities, which incidentally kept about 2,000 persons from reaching the track at all because of a breakdown some where near Bedford Park, there were between 3,000 and 10,000 persons on hand. The old betting ring was persons on hand. The old betting ring was the oral bettors congregating on the lawn where the hot sun made collars wilt early in

Sheriff Lane of Westchester county and his deputies were on hand, also the Police Commissioner and the Chief of Police of Yonkers, with a force of plain clothes detectives and uniformed cops. These officials with representatives from the District Attorney's office, were extremely vigilant in their efforts to detect alleged violators of the new betting law. It was said in behalf of the authorities that they intended to respect the decisions of Justices Bischoff and Gaynor in making arrests, which was probably the reason that they did not attempt to make wholesale raids. "We must be sure of our evidence," said one of the Sheriff's men, "before we make arrests."

Before the second race it was evident that,
the Pinkertons had received orders from
James Butler, Matt J. Winn and other track
officials that the law must be lived up to in
every way. Two alleged bookmakers were
taken to one fide by detectives who said they
saw them write supposed wagers on their
programmes. But the programmes when
examined closely did not show conclusive
proof that the law had been violated. The

"There was no legal evidence that they were breaking the law," said Seymour Bentley of the Pinkertons, "but as the police thought that they were doing wrong we elected them, and that will be our policy in future." Sam Frank, a member of the Mets, was later on grabbed by a Yonkers detective, who got his orders from the Chief of Police. Frank was taken to the clubhouse, where he protested orders from the Chief of Police. Frank was taken to the clubhouse, where he protested that he had done no wrong. But the Pinkertons put him off the track just the same. Before the last race two men who, it was said, had displayed odds and had sompted cash wagers were arrested and taken to Yonkers. They were Leopold Poffer of 1906 Third avenue and Emanuel Subben of 334 East Eighty-sixth street. They were represented by William Wille, a Brooking lawyer. City Judge Beall fixed ball at 1900 and set the case for Tuesday morning.

for Tuesday morning.

There was no such disorder as that which marked the proceedings at Esignton Beach and the authorities acted so quietly, yet so effectively, that the law was obeyed to the letter, as far as appearances went. The crowd was good natured, well dressed and most enthusiastic and also indulged in light

speculation, which inade the races of more than ordinary interest.

The clubhouse was filled with notables who follow the turf for the fun that is in it. The upper balcony was a magnet for many society women who came to the track for luncheon. There were probably 500 automobiles in the park behind the grand stand, the trip from the city to the racecours being a delightful one.

NEW SWIMMER A STAR.

Yard Metropolitan Championship.

Yard Metropolitan Championship.

A new swimming star was uncarthed yesterday in the meet given by the New York A. C. at Travers Island. The prodigy is J. H. Reilly of Townsend Harris Hall School, and he showed his prowess in the 450 yard swim, which was for the metropolitan championship title. Opposed to Reilly were such cracks as L. Budd Goodwin of the New York A. C., who took part in the 400 meters in the Olympio games, and Karl Schmidt, also of the New York A. C. Daniels figured in the programme, but he was not there, the report being that he was recuperating in the mountains.

All the time after the crack of the gun Reilly was in the van and for 300 yards or so he was closely attended by Schmidt and Goodwin. After the last turn, which was 100 yards from the finish, Schmidt looked dangerous, but Reilly kept ploughing away, and it was a grand race to the finish. Reilly won by about half a yard from Schmidt, with Goodwin about eight yards in third place. It was a great feat on the part of Reilly, who is only 17 years of age. If was his fourth time in open competition.

The other metropolitan championship was fancy diving, and in this Themas J. O'Callagan of the New York A. C. had a rather easy time. He was 18 points ahead of his nearest opponent—Walter Lee, a clubmate. E. Kelley of the Bath Beach Swimming Association made third.

A large feet of beginners turned out for the 100 yard novice, which was finally won by a lad from the Elizabeth Ys M. C. A. U. Champion-who by Thomas J. O'Callagan, New York A. FRANKGILL WINS A GREAT RACE

COMES FROM THE REAR AND TAKES YONKERS HANDICAP.

Only a Few Inches in Front of Tony Benero Who Beats Jack, Atkin for the Place -Besom, Etherial, Bark Night, Harrigan and Comedienne Also Score.

Over a fast track and before a crowd of 9,000 turf enthusiasts Jack McGinnia's colt Frank Gill won the Yonkers Handicap, at a mile and a sixteenth, at Empire City yesterday mile and a sixteenth, at Empire City yesterday afternoon in the most sensational style. When he reached the head of the stretch Frank Gill was so far back that he did not appear to have even an outside chance. But suddenly Lang drew his whip, shot the Cellar colt through first one opening and then another until at the last sixteenth pole he bomed up as a dangerous factor. At that point Tony Bonero, a 15 to 1 shot, looked the winner, and H. Smith, his rider, began to ease up. It was a fatal erhis rider, began to ease up. It was a fatal er-ror on his part, however, for Frank Gill was increasing his speed under a flerce drive, and finally in the last jump he got his nose in front to win by a few inches in 1:47.

Jack Atkin, the top weight and favorite at 2 to 1, after receiving a bad ride, came from nowhere in the stretch and finished third, a length back. McCarter, 2 to 1, made the early length back. McCarter, 3 to 1, made the early pace and incidentally killed the chances of Arasee, 3 to 1, who went dut with him. Then McCarter quit when Charles Edward, 5 to 1, nailed him on the far turn. Coming in the stretch Charles Edward looked dangerous, as he was in front, but the moment Tony Bonero challenged he blew up. The race was one of the most sensational and spectacular seen in the East in years.

Besom 5 to 5, made all the running in the opening event, for platers, at six furlongs, and won in a gallop in the fast time of 1:12 1-5; Jas. B. Brady, 5 to 1, was always second and had no trouble in taking the place from Frisette, 7 to 1.

The second race, for two-year-olds, five and a half furlongs, was only a gallop for Etherial, 2 to 5, who made a runaway of it and had the others groggy on the far turn. Ragman, 4 to 1, got up in time to take the place by a head from Homecrest, 4 to 1. The time was 1:07 4-5. by a head from Homecrest, 4 to 1. The time was 1.074-5.

After leading for three-quarters of a mile Queen Marguerite, even money favorite, was overhauled by Dark Night, 4 to 1, who wen the third race, for three-year-olds, one mile, in easy style in 1:42. Queen Marguerite took the place by a length from Cymbal, 5 to 1, who beat Harrourt, 7 to 2, by a neck.

H. R. Brandt's Harrigan, 7 to 5, ran off with the fifth race, for two-year-olds, five and a half furlongs, breezing home with a safe margin in 1:08 4-5. Garland, 5 to 1, always a contender, got the place from Billy Bodemer, 7 to 1, by three lengths. Star Thistie, 9 to 5, could not get out of his own

HELMET TAKES THE HOPEFUL. Keene's Colt Beats Madden's Crack Two-Year-Old at the Spa.

SARATOGA, Aug. 15.—Saratoga's racing season closed to-day with some splendid sport. James R. Keene's Helmet, 7 to 5, was victorious in the rich Hopeful Stakes, for two-year-olds, six furlongs. He made all the running and breezed home with three lengths to spare in the fast time of 1:12 1-5.

H. P. Whitner's Perseus, couled with Robbits At 10 to 1, ran a fine race for the first time out and took the place from John E. Madden's Fayette by a length and a half. Fayette and Sir Martin, coupled at 4 to 5, each carried 180 pounds, which probably anchored them. That way rigged, they never had a chance to beat Helmet, to whom they conceded four-Dandelion, 6 to 5, won the Merchants

COMPONENTS FORTY

AUTOMOBILES.

Remember the name, there is only one Thomas Forty, and that is manufactured in Buffalo and sold by us. We pride ourselves on this car, for it is the most wonderful value ever offered to the automobile buying public. It weighs less than 2,500 pounds, and yet it is built so scientifically and with such superb material as to be well nigh indestructible. It is fitted with 36 inch wheels and equipped with a double ignition system and other features identified with high powered Thomas cars. The aluminum body of the touring car model, beautifully proportioned, carries six persons, and strikingly resembles that employed on the higher priced models. The little six is good for from 5 to 60 miles an hour, and the price is but \$5,000. Its six cylinder motor is of wonderful efficiency, ready for any emergency, and so smooth and silent in its operation that it makes one marvel.

Miller was fancied as a winner by many
New Yorkers, but he was very nervous, owing

Some one broke into the Spring-field Yacht Club house last night and punched holes in Miller's shell and into the shell of William Mehrhoff of the Nassaus. None of the other shells was touched. Miller's boat was repaired before the race, but he was hadicapped nevertheless.
